Sereni-Tea by Tania's Teahouse

Tania's Teahouse is excited to announce the opening of a new sister branch called "Sereni-Tea", located inside Keyani, a holistic wellness center. The look and feel of Sereni-tea is inspired by the scandi notion of 'hygge' which refers to ultimate comfort, cosiness and happiness. Sereni-tea means: the state of being calm, peaceful, and untroubled (usually accompanied with a cup of healing tea). At Sereni-tea by Tania's Teahouse, Tania invites you to escape the nuances of one's daily life and bask in their calm & serene environment, whilst nourishing the mind, body, and soul with their mindful menu. Our founder Tania's goal is to share the healing benefits of teas & draw awareness towards the importance of self-care & holistic well-being, whilst building a tribe of serene clients.

All teas by the brand are custom-blended, organic, and ethically-sourced with zero artificial ingredients. Their menu accommodates all dietary restrictions, with a focus on anti-inflammatory, gut-healing & delicious dishes for all flavour palettes. The interiors, unlike the pink flagship, are muted, earthy, neutral-pastel colors, such as sage, oatmeal, taupe, dusty rose, and terra cotta, with elements of terrazzo tiles and plants that are warm and relaxing, where the concept remains instagrammable, but impactful. Sereni-tea will also encourage the love and care for furry friends, with a pet-friendly garden.

BOOKING BY TABLE

upon request

FULL CAFE

*minimum spend: 1,500 *capacity approx 35*

OUTDOORS

*upon request *capacity approx 60*
